Product information

The A301's popularity has led to the introduction of the A302. This extra durable heavyweight nitrile glove is fully dipped, giving even more protection against cuts, scrapes, punctures and tears. The safety cuff feature allows for these gloves to be removed instantly with ease.

General Handling

The General Handling and Grip Glove category is still one of the most popular collections within Portwest's Hand Protection Range. A carefully selected range of coatings, including Latex, Nitrile, Polyurethane and PVC, provides a broad range of styles suited to a diverse range of tasks.

Gloves

A wide and increasing range of Hand Protection styles is available. In order to help cater to every need. Only the best materials and manufacture methods are used in the production of Portwest's extensive range of Hand Protection products.
