GRANBERG®

Granberg Tactical Gloves are designed to be the last thing on your mind in the midst of the action. They fit snugly over your hands while giving you the protection, tactility and flexibility you need to do your job properly.

We have worked with military operatives, special forces and ergonomic experts to design and produce tactical equipment that ensures the wearer's safety.

These gloves take care of you, so you can take care of your job.

**Gloves used:**  
**119.2201**

# FOR SOME PEOPLE, STAYING SAFE DOES NOT MEAN STAYING OUT OF HARM'S WAY.

Some people step right in harm's way, braving hardships and defying the odds to:

**Get the job done.**

GRANBERG®

**Developed in partnership with  
the Lithuanian special forces.**

Our tactical gloves are developed  
in partnership with LK-SOP, the  
Lithuanian special forces.  
Like special forces units, our gloves  
are meant to be inconspicuous.

You won't even know they're there.

**Gloves used:**

# FEARLESS PERFORMANCE

People sleep peacefully in their beds at night only because brave people stand watch on their behalf. Granberg has always focused on those who do not just occasionally step outside of their comfort zone, but who *live* outside of it. We look after those individuals and select groups who keep the comfort zone safe for the rest of us.

Adventurers, experts, craftsmen – they all rely on protection in some form to get to where they want to go and do what needs to be done. Whatever their purpose, our mission is to help them get the job done safely. We are outfitters, armourers, shieldmakers. We are the last stop before the frontier.

**We are Granberg.**
