MAGNUM WATER PROOFER SHOES ACCESSORIES

CAPACITY: 250 ml

MAGNUM waterproofing products help you keep your footwear, clothing, tents or backpacks working better for longer. WATERPROOFER spray allows you, your feet and other equipment to stay dry in wet weather. Using WATERPROOFER will create an invisible waterproof layer which will repel rain from the outer surface of gear. At the same time leather and textiles will maintain their breathable properties, preventing moisture from accumulating inside of gear and allowing it to evaporate outside. Used regularly it protects your footwear and equipment from water and prevents dirt from setting for easier cleaning.
